

The East Oregonian has the largest bona fide and guaranteed paid circulation of any paper in Oregon, east of Portland and by far the largest circulation in Pendleton of any newspaper.

Fair tonight and Friday, light frost tonight.  
YESTERDAY'S WEATHER DATA  
Maximum temperature, 60; minimum, 35; rainfall, trace; wind, west, light; weather, partly cloudy.

## BULGARS KILL 15,000 ENEMY NEAR RIAHOVO

Roumanians are Driven Back Against Danube River and Trapped.

### RAIN HINDERS SOMME FIGHT

Haig Reports British Artillery Shelled Marching German Columns North of Schwaben Redoubt, Inflicting Much Damage—French Take Nine Cannons.

### NICHOLAS TO LEAD THE RUSSO-ROUMANIAN DRIVE

LONDON, Oct. 5.—Stockholm reported that Grand Duke Nicholas, former commander of the Russian army, had been recalled from the Caucasus to lead the Russo-Roumanian drive against Bulgaria. He takes supreme command of all armies on the Dobruja and Danube. The report aroused the greatest interest as it is believed Nicholas' arrival will be the signal for reopening the double offensive to crush Bulgaria and cut the Austro-German communications to Constantinople.

Bucharest dispatches reported that Grand Duke Nicholas, on the Dobruja, did not mention the Danube defeat. The Serbians progressed in Macedonia, advancing two miles across the Serbo-Greek frontier.

SOPIA, Oct. 5.—The war office reported the Bulgarians destroyed fifteen thousand Roumanians in Bulgaria near Riahovo. The Roumanians were driven back against the Danube river and trapped. The Bulgarian cannons smashed Roumanian transports carrying troops across the river. The Roumanians abandoned large quantities of munitions. Thousands of prisoners sent rendered.

### Marching Germans Shelled.

LONDON, Oct. 5.—Sir Douglas Haig reported that British artillery shelled marching German columns north of the Schwaben redoubt, inflicting many casualties and demolishing the enemy.

British infantry raided a trench near Vimy. They repulsed German attacks near Saint Eloi.

The French captured nine cannons near Merval. Rain prevented extensive operations.

## Wilson Gets An Ovation

OMAHA, Oct. 5.—A hundred and fifty thousand Nebraskans greeted President Wilson and gave him a tremendous reception when he addressed the Omaha Commercial club here. He challenged criticism of his business legislation and defined its purposes. The guests cheered five minutes. It is learned Wilson asked Goethals to be a member of the federal board of investigation of eight-hour day railroad.

Wilson declared that big new things facing America cannot be done in the old way. "Those who hesitate to break tradition must be left at the post. For the next decade we must serve the world. This situation has altered every political and domestic institution. Give me the verdict of the next twenty five years. I care nothing for the verdict of nineteen sixteen."

Several other speeches are scheduled at Omaha. It was reported this afternoon that George Rublee, federal trade commissioner, interstate commerce commissioner Clarke and other members proposed an eight hour day investigating board. Thousands cheered Wilson's progress through the streets. An old woman rushed to his automobile, saying "God bless you my dear." Wilson was very happy. His reception deeply affected him. His luncheon dessert was ice cream shaped like white peace doves carrying American flags. Minced cheers and laughter greeted the doves.

This afternoon Wilson reviewed a parade, commemorating Nebraska state's fiftieth anniversary. Many prominent democrats were at Wilson's table, including Senator Morehead, Hitchcock and Mayor Dahlman.

## \$2 WHEAT PREDICTED BEFORE JANUARY 1ST

CHICAGO, Oct. 5.—Grainmen predict two dollar wheat before January first. Today's prices, both cash and futures, range ten cents lower than the records of January, 1915.

Heavy crop decreases, discouraging Argentine conditions and the allies demands for Canadian and Australian wheat, caused the price boom. The Board of Trade stated that the Northwest has no seed wheat. Present seed wheat prices are four and seven dollars a bushel.

Grainmen are seriously discussing the importation of Canadian wheat for seeding. Agricultural experts are investigating to ascertain whether Canadian wheat is adapted to United States cultivation.

Cash wheat dealers said the Northwestern farmers were determined not to sell under two dollars a bushel. Grain receipts from other primary shipping points are lighter.

Millers said flour continues steadily rising as a result of wheat conditions. Chicago quoted special brands today at nine dollars and ten cents a barrel wholesale.

Board of Trade members said speculation was not responsible for the present high prices. They declared open trading prevented the big elevator men from cornering the supply and boosting the prices still higher.

Produce prices are closely following grain. Potatoes, eggs, butter and poultry soared. Dealers said bad weather caused a potato shortage and the hot summer damaged poultry.

No lower prices are possible this winter, unless the government prohibits the exportation of foodstuffs.

## MONMOUTH PRESIDENT TELLS PORTLAND OF 'NORMAL' NEED

In a talk before the Portland Ad Club at luncheon yesterday noon, President Ackerman of the Monmouth Normal school, made an earnest argument in behalf of the measure for an eastern Oregon normal at Pendleton, likewise asserting that in time a similar school should be established in southern Oregon.

In his talk President Ackerman said:

"No matter how well situated a normal school may be, it can serve only a limited area. A radius of 100 miles about the city where a normal school is situated indicates the source from which it draws its supply and the territory to which it returns its trained teachers.

"The young people of eastern and southern Oregon are just as eager to train themselves as the young people of the Willamette valley, but they cannot well go to the normal school unless the normal school is brought to them. I believe the time must come when there shall be three normal schools in Oregon, one for the Willamette valley, one for eastern Oregon and one for southern Oregon.

Pupils Must Be Available.

"When you come to locate these

normal schools you should bear mind three things. For a normal school to be most successful in its service to the public, it should be situated in a city where there can be guaranteed at least 1000 pupils in the public school for training purposes; it should be at a railway center where it can easily be reached from the territory it serves, and it should be in the center of a locality that has high schools enough developed to supply students to it.

"Nearly every normal school in the United States is hampered because it is placed in a small town in which there cannot be obtained enough children to meet the demands of the training school. This condition has confronted us in Monmouth, and we are trying to use also the pupils of the schools of independence to make up the deficiency in training school pupils."

### Snow in Mountains.

Snow is reported to have fallen Tuesday evening in the south end of the county almost down to Pilot Rock and was clearly visible yesterday from the hills about Pendleton.

## RED SOX AND DODGERS READY FOR BIG GAMES

### WALLA WALLA INVITES PENDLETON TO FAIR

Local Delegation May Organize Excursion to Visit First Annual Harvest Festival and Homecoming.

Walla Walla expects Pendleton to send a big delegation to her first annual Harvest Festival and Homecoming celebration which will be held on October 19, 20 and 21, according to A. E. Alexander who was over from that city yesterday. He states that he bears an official invitation from Walla Walla for Pendleton to join in the celebration there.

Walla Walla and vicinity sent thousands of people to the annual Round-up this year and quite a number of Pendleton people have expressed their desire to organize an excursion to Walla Walla for one of the three days of the celebration.

Walla Walla is making plans for a big celebration and has organized a club known as the Turkey Reds to boost it. Elmer Storie, formerly of this city, has been given full charge of the committee to superintend the coronation of the harvest king and to receive the visiting princesses from other cities.

## RUSSIANS RESUME CAUCASUS OFFENSIVE

PETROGRAD, Oct. 5.—It is announced the Russians have suddenly resumed the Caucasus offensive and are advancing on a wide front. The Black sea fleet is cooperating. They captured a Turkish fortified position near Karsburum.

The Russians captured many positions on the Austro-German front, Russo-Roumanians continued the Dobruja offensive, taking thirteen cannons.

## BIG BLACK BEAR IS KILLED AT MEACHAM

Robert Shaw Slays 500 Pound Bruin After Unusual Fight; Used Pistol First Then Borrowed Shotgun.

(East Oregonian Special.)

MEACHAM, Ore., Oct. 5.—Robert Shaw today won an unusual battle with a big black bear—the largest killed in this section for a long time. The bear weighs 500 pounds and was killed by Shaw only a mile southeast of Meacham at 11 o'clock this morning. Shaw was riding horseback when he first discovered the bear. He emptied his revolver at the brute but failed to kill him. Riding along the road Shaw overtook an auto and borrowing a shotgun from one of the party took after the bear again. He killed it with a shotgun, the bear being on the public road when slain.

## MRS. JAMES GWINN ON LIBRARY BOARD

Mrs. James H. Gwinn was last evening nominated by Mayor Post for the position on the city library board made vacant by the resignation of Mrs. F. E. Judd. The council immediately confirmed the appointment. The resignation of Mrs. Judd had previously been submitted to the library board and last evening was formally accepted by the council, it being reported that she very much desired to be relieved from the duties of the position.

Mrs. Gwinn will probably take her seat at the regular monthly meeting of the board this evening.

Most men are so pessimistic that they even exaggerate their troubles.

# DOWNTOWN FIRE THIS MORNING DOES DAMAGE NEAR \$100,000

## REPUBLICANS PLAN BIG "HUGHES DAY"

Tuesday, October 17th, Designated for Celebration—Senator C. W. Fulton to Make Address.

Local republicans are planning a great demonstration on the occasion of ex-Senator Fulton's visit to Pendleton in behalf of the Hughes campaign. A formal announcement, of plans from the republican county headquarters is as follows:

"Tuesday, October 17th, will be the big political day in the local campaign. This will be Hughes day throughout Umatilla county. Every Hughes household will fly the American flag and there will be a big demonstration with parade of automobiles and Hughes Alliance Clubs. In Pendleton in the evening after which Senator Charles W. Fulton will address the people of Umatilla county on the issues of the campaign at Happy Canyon at eight o'clock in the evening.

"The Umatilla county republican central committee is making great preparations for this event. A large number of flags have been ordered and the people who have not a flag of their own can secure one from either the central committee or the Hughes alliance club.

"Ten thousand red, white and blue Hughes buttons will be distributed for that day. All of the Hughes alliances in the county will send delegates to Pendleton and they will form a marching club for that evening carrying Hughes pennants. The band will meet Senator Fulton at the train when he arrives and will also furnish music for the evening. There will also be music by local singers of repute and addresses by well known politicians and candidates for office besides the address of Senator Fulton."

### Had Money Left Over.

Wesley Matlock who handled the strapping of the road from Echo to Pendleton reported to the Commercial club Tuesday that he had a surplus of \$8 remaining in the fund raised to carry on the work. Mr. Matlock and G. I. Ladow were given votes of thanks for their services in having the roads straped.

## WINTER HAS SET IN AT MEACHAM

(East Oregonian Special.)

MEACHAM, Oct. 5.—Winter has apparently set in early for a good inch of solid snow had fallen on Tuesday night and Wednesday morning. Everything was frozen, ice on window panes in the house, ice on standing water in and out doors and even the water pipes burst.

## WATER SUPPLY PROVED AMPLE

Ten Streams Playing at One Time on Big Blaze Scarcely Lowered Water in One Reservoir; Four Million Gallons Available.

With ten streams playing upon the Schmidt block fire this morning at one time, there was much alarm felt by some lest the water supply prove inadequate. However, Water Superintendent F. B. Hayes made computations from which he declared that the water system would provide water with such a drainage for 24 hours. Supt. Hayes was on the job early. He ascertained that both reservoirs were full, giving a reservoir supply of 2,600,000 gallons which, with the 2,500,000 gallons flowing daily, would give a total of 4,500,000 gallons for 24 hour supply. After the fire Supt. Hayes inspected the reservoirs and found that the one from which water had been taken had sunk only about six inches.

## TWO PRIESTS PERISH IN DORMITORY FIRE

ST. LOUIS, Oct. 5.—The Christian Brothers' College walls collapsed at noon. Ten firemen were killed. Two were injured. Chief Henderson said four were still missing. Rescuers located three corpses. Falling timber killed Lieutenant Budde. Louis Nolan, 35, was killed. He was trapped by flames and jumped from the fifth floor window. The exact number of dead is unknown.

ST. LOUIS, Oct. 5.—The Christian Brothers' College here burned and Brother Carmack, 92, Brother Clemens, 78 and one aged attendant, perished.

The fire first started at 7:30 o'clock and spread rapidly. The whole building was a mass of flames within an hour. There were many narrow escapes.

Smoke prevented the firemen from reaching the dormitories where the old priests slept.

## SEN. CHAMBERLAIN TO SPEAK HERE ON OCTOBER 28

United States Senator George E. Chamberlain will be in Umatilla county for three days, October 28, 29 and 30, campaigning for the reelection of Woodrow Wilson as president. He will be the speaker at a big meeting in Pendleton on Saturday evening, October 28, and the same will probably be held in the Happy Canyon pavilion. While here he will also make a tour of other points in the county, speaking as often as possible but the full itinerary has not been arranged as yet.

News of the coming of Senator Chamberlain was received here today by local Wilson supporters from Samuel White, state chairman. Senator Chamberlain is fresh from Washington where he participated in the arduous congressional session, supporting the administration on most matters but differing at times with the president.

From the Wilson standpoint the Chamberlain tour of this county promises to be one of the big events.

Flames Break Out in Basement of Schmidt Building; Origin Unknown; Discovered About 6:30; 10 Streams Pour Water in for Three Hours Before Fire Drowned Out; Bond Bros., Popular Cash Store and Douglas Belts Heaviest Losers.

## STOCKS OF TWO STORES ALMOST TOTAL LOSS

Fire Most Disastrous in Pendleton for Many Years; Loss Only Partially Covered by Insurance; Bond Bros. Will Restock at Once; One Fireman Hurt in Fight.

Damage that will total around one hundred thousand dollars was done this morning by a basement fire in the Schmidt block on Main street. The heaviest losers are Bond Bros. and the Popular Cash Store, occupants of the lower floor of the building, and Douglas Belts, owner of the building.

The fire, which was undoubtedly the most disastrous that Pendleton has experienced in many years, was of a nature that made it difficult in the extreme to fight. The flames were confined almost entirely to the basement and the smoke was so dense that the firemen found it impossible to get down where they could see it. All they could do was to pour water into the basement and drown out the fire and it took more than three hours of steady work to do this.

The origin of the fire is unknown. There had been no fire in the furnace since noon yesterday, according to Al Richardson, the janitor, and an examination of the furnace after the fire indicates that the fire did not start there. Fire Chief Ringold thinks it was probably caused by a combustion of some sort. At any rate, it had doubtless been burning for hours before discovered about 6:30 this morning. The alarm was turned in about 6:45 and, when the firemen responded, they found the whole basement so full of flames and smoke that they could not get down.

Ten lines of hose were laid in a short time and the nozzles were turned into the basement through windows and holes cut through the floor. Meanwhile dense smoke poured on into the street and up through the two stories of the building, so thick that it was extremely dangerous for anyone to go within the building at all.

For a full two hours little apparent impression was made upon the fire and it seemed that the building was doomed. The fire burned through the wooden floors and spread into the Popular Cash Store and Bond Bros. Almost the whole floor of the former store fell through, carrying the merchandise stock down into the flames. This, however, enabled the firemen to work more effectively and by 9:45 they had the fire under control. By 10:15 it was practically out.

### BOND LOSERS HEAVIEST.

Bond Bros. are the heaviest losers. Their stock of men's furnishings was worth about \$81,000. According to Charles Bond, and the insurance carried amounted only to about half that amount. A great deal of the stock in the basement was a complete loss. This was worth at least \$29,000, according to the proprietors. Practically all that was not burned was carted away in drays as soon as the smoke cleared and was stored in the vacant room in the Judd building. The salvage may amount to \$10,000, but this is only an estimate.

### WILL RESTOCK AT ONCE.

The fire had not been extinguished before Bond Bros. had laid their plans for reopening their store. Both Charles and Willard Bond and probably Lou Steelhammer, head salesman, will leave within two days for the east to purchase an entire new stock. Mr. Steelhammer will stop in Chicago to do the buying there while the proprietors go direct to New York. All of the stock will be shipped out by express.

Meanwhile the store room will be fitted up for occupancy and the Bonds declare they will put in entire new fixtures. The new store will be as complete and as up to date as any such store on the coast, they assure the public. Within two weeks they expect to reopen.

Only yesterday they received \$10,000 worth of fall stock and this was

included in the loss. However, they still have about \$9800 worth of goods on the road and it will be arriving daily. They will place it in their other store, where they will continue business until they reopen their principal location. They have not yet decided what to do with their salvaged stock but anticipate they will sell it in Portland.

### POPULAR CASH TOTAL LOSS.

The stock of the Popular Cash Store is a total loss. A great deal of it was burned outright and the balance was so damaged by smoke and water that it is practically worthless. The stock was valued approximately at \$24,000 by R. Alexander, the owner, and the insurance will cover only about half that amount. Mr. Alexander and his son, who managed the store, have not yet made up their minds as to their future plans.

Aside from the outright loss by both stores, they will suffer a heavy loss by reason of being closed up during the time of the year when business is brisk. Also they had both purchased stocks early and some of their goods cannot be replaced except at higher prices.

### LOSS TO BUILDING.

The building was valued at \$10,000 and the damage will probably reach between \$7000 and \$10,000. The flooring will have to be replaced entirely and all of the timbers of the basement. The fire burned up the walls almost to the second floor in some places. Mr. Belts thinks his loss is covered by insurance.

Minor damage was done by the smoke to occupants of the upper floor. On that floor Mrs. Parker & Hattery, Dr. R. E. Rings, Dr. D. N. Rolter, Dr. George King, Mrs. Idemian & Ingram, dentists, attorney G. W. Counts and Mrs. Beira, the hairdresser, have offices while Mrs. Ina Rice and Mrs. Anna Hochbach have rooms. All of the rooms were so heavy with smoke that they could scarcely be entered. Some were able to move their furnishings out.

### NO FIRE IN COAL.

Ninety tons of coal had just been put into the basement and it was the general opinion that the main part of the fire was in this coal. For that reason it was believed it would take many hours to extinguish. However, an examination after the fire proved that very little of the coal had been touched by the fire.

### ONE FIREMAN OVERCOME.

The fireman, regular and volunteer, worked valiantly and a great deal of credit is due them. Only one suffered any injuries. "Barney" Oldfield, one of the volunteers, was overcome with smoke when he went into the basement but was rescued and revived. He returned to his post a while later was knocked down by the stairs by a hose. Later he returned and was one of the last men on the job.

## DEC. OPTIONS GO ABOVE \$1.60 PER

CHICAGO, Oct. 5.—(Special to the East Oregonian)—Prices of prices today:
